

ASA/JRCALC CHD Seminars

The purpose of these seminars is to provide a position statement regarding the CHD Audit including progress to date, lessons learnt and future developments.

The main focus will be upon the CHD audit and issues surrounding pre-hospital, thrombolysis and the use of morphine. The seminar will also provide you and your organisation with the opportunity to feedback directly to JRCALC and the ASA.

Sessions will include:

- an introduction by JRCALC
- an update of MI/Chest pain Dataset (including an overview of the dataset)
- issues around thrombolysis and morphine
- future developments
- Q&A session
